TEXTBOOK

# The Globalization of World Politics

## An Introduction to International Relations

**John Baylis; Steve Smith**

With the assistance of Patricia Owens

Oxford University Press, 3er. Ed., 2004, 850 pages, 5 maps,

---

### Description

- Market leader with contributions from experts, writing on their specialist subjects for an undergraduate readership.
  - Written in an accessible way for students new to IR.
  - Structure of the book has been carefully developed to ensure the coverage maps onto introductory courses, spanning history, theory, structures and processes, and international issues.
  - Excellent pedagogy throughout, including numerous boxes, figures, tables, case studies, key points, questions and annotated further reading in each chapter.
- Carefully edited by John Baylis and Steve Smith to ensure an integrated and fully coherent style throughout the book.

### New to this edition

- 3 new chapters on International Law, International Terrorism and Social Constructivism.
  - Glossary of key terms.
- 4 colour text for easier navigation.

Now in its third edition, this internationally successful title has been fully revised and updated to cover the latest developments in world politics, with three new chapters on International Law, Terrorism and Social Constructivism and two updated case studies. Written specially for those coming to the

subject for the first time, this text has been carefully edited by John Baylis and Steve Smith to ensure a coherent, accessible and lively account of the globalization of world politics.
